POW-R-MITE® REELS

5000

Features:

Pow-R-Mite cable reels are designed for performance, long service life and easy maintenance. Ideal for hoists, electric tools and moving equipment.

- ▼ Factory assembled with Type S0 or W cable
- ▼ Reels constructed with spring tension to lift or stretch cable with no more than 10% sag
- ▼ Long-life containerized mainspring for safe, easy handling
- ▼ 35 or 75 amp modular collector ring has oversized components to protect against overloads
- ▼ Adjustable cable guide
- ▼ Ratchet feature with anti cable "lock-out"
- ▼ Available custom-configured without cable
- ▼ Welding versions and ground fault configurations for high-tension line service are available
- ▼ UL listed and CSA Certified

Cable is included on all Pow-R-Mite models. Specify by number of conductors, AWG size and length.

Compact 35 or 75 amp modular collector rings handle up to 16 conductors. All brushes are spring-loaded copper/graphite for positive electrical contact.

SELECTOR CHART

Rated Amps.	Cable AWG Size	No. Cond.	Length					
			20 ft 6.1m	30 ft 9.1m	40 ft 12.2m	50 ft 15.2m	60 ft 18.3m	70 ft 21.3m
9	16	3						5137BL
7	16	4						5147BL
